

PROJECT LIFE FORCE

every drop counts

NEWSLETTER

July, 2021 - December, 2021

July, 2021 - December, 2021

More than 3950 units collected during July - December, 2021.

More than 45350 units collected from over 675 blood donation camps since year 2013.

Heartfelt gratitude to the contribution of every single person who helped us travel the beautiful journey so far.

PICNIC 2021

Inter Pyramid Activity

To help the city fight blood crisis, Project Life Force initiated an Inter-Pyramid activity in which the PLFers took up the challenge to mobilise donors and arrange blood donation camps.

**Competition
to make
patients win**

Hemant Bhalwala

Patient Party's testimonial-

It was a traumatic month of October and first week of November 2021 for me and my family as my niece, Unnati, was 7-month pregnant and suddenly her platelets started falling and she required SDP (Single Donor Platelet) transfusion.

In this tough time, Project Life Force and my friends helped us arrange 19 units of SDP for my niece in a span of 15 days and on 3rd November 2021, my niece got blessed with a baby girl.

I was speechless and just awestruck by the noble deed of the 19 SDP donors who came all the way from Haridevpur, Dumdum, Liluah, Behala etc. and donated SDP as it takes almost 3-4 hours in the process plus travelling time. So each donor devoted entire day for a person whom they didn't even know. Project Life Force helped us like a family member to which we express our heartfelt gratitude.

Ajay Kejriwal

Volunteer's testimonial-

My journey in and with PLF, which I started 3 years ago, has helped me learn the lessons of life.

I strongly believe that no one has ever become poor by giving. We all are here to serve the mankind, for humanity lasts forever.

Since pandemic-hit, the city has been facing the shortage of blood and PLF always stepped forward to help people-in-need of blood- be it by mobilising blood/platelets/plasma donors or by organising blood donation camps or by making arrangements to ferry blood donors during restricted movements and lockdown. Lighting a lamp for somebody also brightens up our path and I am thankful that PLF has been that fuel in me to serve the society to the best of my capacity.
