6015+ LIVES IMPACTED

BEING A COVID SURVIVOR, ONE EXACTLY KNOWS HOW TOUGH THIS PHASE IS FOR A PERSON AND HIS FAMILY GOING THROUGH IT.

PROJECT LIFE FORCE SALUTE THE BRAVERY AND HUMANITY OF COVID WARRIORS WHO FOUGHT WITH COVID 19, RECOVERED, AND DONATED PLASMA TO HELP OTHER COVID FIGHTERS.

IF YOU HAVE SUCCESSFULLY WON THE BATTLE AGAINST COVID-19, WE REQUEST YOU TO COME FORWARD AND DONATE PLASMA FOR ANOTHER FIGHTER WHO IS YET TO WIN THIS WAR.

Friendship Day, 2020

Friendship Day, 2020 will remain memorable as PLFers did not let COVID-19 dilute their craziness.

THE DIETOX

Project Life Force organised a Fitness Challenge, The Dietox, as a step to support the Fit India Movement initiated by our Hon'ble Prime Minister.

Testimonials

Patient Party

My mother-in-law was an Aplastic Anemia Patient and would require 2-3 units of blood every 20 days. Our requirement for blood and platelets started from April, 2020- the most difficult time when there were no active blood donation camps.

Because of the imposed lockdown, it was getting difficult for us to arrange blood. It was like a miracle that I got connected with Project Life Force through one of my friends. Around 25 units of blood transfused to my mother-in-law in 3.5 months and Project Life Force always helped. They would call and follow up with me till I get the blood and even comforted me all along.

I express my gratitude to all those who came forward in this pandemic and donated blood. I believe that they are the real heroes. Even during these difficult times, they are making people's lives easier.

Hats off to The Team.

PARTHA SARATHI SARKAR

PLFer-cum-Single Donor Platelets (SDP) Donor

I feel so fortunate to have joined this family. I met so many people who put humanity before anything else and are always ready to help. Seeing their enthusiasm for the cause, I got motivated to donate blood and spread awareness so that more people get motivated and do the same.

I, being afraid of needles, never thought of donating blood or doing SDP donation, but trying it once was very fulfilling and I would love to be a regular donor now.

I take this opportunity to reach out to all the girls and request them to come forward and donate blood, and try SDP donation. It feels amazing.
